                    Information Security

Presenter: Rocio Yong, MPH, CIP, Senior IRB Administrator

May 21, 2024

TAKE HOME MESSAGES

- To be mindful of how your data is being used and where it is going.

- If your team is looking at a new software solution/device or is unsure how to appropriately/securely transmit data for a study, please reach out to the IS team and get a conversation going early. This may require review by the Technology Review Committee (TRC). The IS team will guide you through this process. Please access TRC Sharepoint for additional information.

- The IS team helps facilitate your operations while ensuring it meets the appropriate security and compliance requirements set forth by our organizational policies.

- Information Security can be reached at security@chla.usc.edu or you can always reach out the Service Desk, who can direct the question/concern to the appropriate team.
