

Save the Heartbeat

Prenatal Detection of Congenital Heart Disease Symposium *Virtual Conference*

Sponsored by Save the Heartbeat

August 28, 2021

8:00AM - 3:30PM

Please mark your calendars for this exciting virtual symposium featuring the following topics:

- Prenatal Cardiac Screening Guidelines in 2021
- Comprehensive Prenatal and Perinatal Cardiac Care
- Detailed Evaluation of Veins, Heart Chambers, and Valves
- Focus on Outflow Tracts and Arch Evaluation
- Importance of Color Doppler and PW Doppler Assessment
- Benign vs. Dangerous Fetal Heart Rhythms
- Cardiac Tumors and Aneurysms
- Evaluation of Fetal CHF
- Interactive Cases with Expert Panel with Q and A

This activity has been approved for *AMA PRA Category 1 Credit™*. Sonography CME Credit pending approval through the Society of Diagnostic Medical Sonography.

Course Description:

This full-day event will feature an instructive and interactive program aimed at increasing prenatal detection rates and improving perinatal care for children with CHD. The symposium will be led by fetal cardiology experts who will address the best practices for early detection of CHD with a focus on comparing normal and abnormal findings.

Registration Fees:

- MD/DO: \$50
- Sonographers: \$25
