

# iPrevent

The iPrevent Volunteer Program at Children's Hospital Los Angeles provides injury prevention outreach and education year-round throughout the community. The initiative is part of the hospital's Trauma Program, which provides a complete continuum of trauma care for children including acute injury care, disaster preparedness and injury prevention.

Volunteer opportunities include:

- Health fairs
- Sporting events
- Clinical experience
- Community presentations
- Educating children and parents

If you are interested in becoming an iPrevent volunteer, visit: [CHLA.org/InjuryPrevention](http://CHLA.org/InjuryPrevention) or call 323-361-7158.
